

My favorite movie

I'm going to talk about my favorite movie. My favorite movie is Star Wars. It's a science fiction movie. The main characters of the movie are Yoda, Anakin, Obi-wan and Padme. The movie is about a war between countries in space. The most interesting event in the film is when Anakin becomes a dark Jedi, even though he's trained to be a good Jedi. At the end of the movie, the war ends and there is peace. I enjoyed Star Wars a lot because I could see amazing spaceships and magic that I had never seen before.
