

MY SCHOOL

I am John. I am a student at Friends School in Essex, English. My school is very big and beautiful. There are about 40 classes and more than 1,500 students. The teachers are very nice and great. When we go to school, we always wear uniforms. Besides studying, my school has many interesting clubs. I like Maths because it is very interesting. At break time, I usually play games with my friends in my school yard. After school, I do my homework or play football with my friends in the park. In the evening, I often watch TV or read a book.

MY FAVOURITE SUBJECT

My name is Aaron. I am in Grade 6. I have lots of interesting subjects at school: literature, history, geography, maths, chemistry and others. My favourite subject is English. English is so important. It helps me a lot when I meet a foreigner. It is the language of great English and American literature. It helps me learn about English speaking countries and people. I want to be a tourist guide to speak English to foreigners.

MY ROOM

This is my room. It is not very big. There are two chairs, a table, a bed, a wardrobe and a bookshelf in my room. The table is near the window. There is an ink-pot, some books on the table. The bed is on the right of the room. There are also some books and newspapers on the bed. The wardrobe is opposite the bed. I have many clothes. My clothes are all in the wardrobe. The bookshelf is on the wall. There are many books on it.

MY BEST FRIENDS

My best friend is Leo. We live in the same building and we go to the same class. Leo is tall and handsome. He has short fair hair and big brown eyes. He is intelligent and funny. He tells jokes and everyone laughs. Leo likes listening to music and he can sing many songs. I like chatting with him about famous singers. At school, we often do our exercises and play sports together. Next Sunday we are going to the pop concert. Leo is very happy about this.

MY FAVOURITE ANIMAL

My favourite animal is a zebra. It has got black and white strips on its body that is different from any other animal. They live in the savannah in Africa in a family group called a herd. A baby zebra is called a foal and they can walk just 20 minutes after they are born, and run after an hour. They are one of the few wild horses left in the world today. Zebras are shorter than most other horses and their ears are larger. They communicate with each other by making strange sounds and through the position of their ears and tail.

MY FAVOURITE FOOD

Everyone will have their own way to relax, relax, relieve stress and fatigue. For me, the most interesting thing is to enjoy the food that I love. Among my favorites, not to mention fried chicken. Fried chicken is almost impossible to become familiar with in a busy life. It is often the main dish at fast food restaurants and is also something that not only adults but also children love. The chicken pieces will be coated with a layer of flour, then fried. When you eat, you will see the crispness of the fried dough and the tenderness of the chicken. The delicious taste with a little French fries or salad will give you a great meal. I really love this dish.

MY FAVOURITE DRINK

Lemonade is my favourite drink. I often drink it in the summer. The way to make a glass of lemonade is very easy. The ingredients are fresh lemons, sugar, water. First, we wash and cut the lemons. Then, squeeze the lemon into a glass. Next add water into the glass and beat it. After that, we add sugar and ices into the mixture. Finally, we can decorate the glass by some things.

MY DREAM JOB

I want to be a teacher in the future. The reason is that I love children so much. I want to take care of them, teach them how to read, how to write, how to listen and show them the beautiful things of this life. Teaching is also similar to growing a tree up, you must have patient, carefulness and passion. Another important reason making me choose this job is my parents. They hope that I can achieve their dream. To make my dream come true, I am trying to complete the program in my university with the best result. In the future, I will become a good teacher.
